With Love and Prayer

Dearest Family,

I can say it is a sad situation that our country is going through just fourteen years after a brutal war now there comes the killer disease which as set my country and the whole world to constant fear. Sometimes I too wonder how we can go on, how my children will cope how my family will stay alive. But I give thanks to grace and the mercy of God that non of these groups are victims. The virus is moving like wild fire from one point to another. This has led the whole country into fear not withstanding that, hunger is the order of the day, prices of food items goes double because every pilot and every captain fear to land in our beloved once brutalised country. Though some African and Asia flights

still lands at Lungi but that is only for the rich who are running away from the country while we the poor people stay in the country to face hardship and constant fear. It is not fair but yet we most give thanks and praise to our Mother Mary And Jesus Christ her Son and God the Father for keeping me, my children and my Family alive. Yesterday we hard on News that they are going to quarantine our area for two months October to early December the news is for us to get prepared before the lock up. In this situation I think about my children but the thoughts that beat me down is how will the poor people cope, some people don't even have money for two meal a day, they have to work everyday for a meal per day. How will these set

of people live for 2 months without work and more over with the drastic rise of price.

Though I will not be there for this years auction but we wants to thank you very much for all your supports and all the assistance you have been given us, especially in this critical situation, we wonder what our fate would have been. We also wants to thank you for all of your prayers. May our Mother Mary continue to interceed for us all and may the grace and mercy of God continues to shine in every situation that we face in life Amen.

With Love and Prayers
We at Saviour Of The World

*Louisa and
Children*

One day after my death, divine Wisdom will be saying to me, "Whatever you have done to the least ones, to those who are my brothers and sisters, you have done it to me." I believe God will be speaking to me of my true family. Who is family to me? Where does my mind go to define this? The one who enters my life bleeding in the heart and in the soul, alone, discouraged, and fearful: this is the person of whom God will speak to me when I face his decision for my eternal destiny.

Are you a person of compassion and wisdom? Are you ready to offer your thanksgiving to God by suffering with him where he lives in the places overlooked and ignored by the vast majority of human beings? Are you ready to suffer with his children, with the sister or the brother who is dying from loneliness, fear, and disease? Are you ready to enter into the joy of his eternal friendship? Is there any human being with whom you do not wish to spend an eternity?

Dear Business Professional,

Savior of the World is a non-profit, charitable organization formed to provide assistance for an orphan home, Savior of the World Children's Center, in Sierra Leone, Africa. In 2004, Louisa Aminata Sankoh-Hughes, a 30-year-old refugee from Freetown, adopted, with her government's approval, 20 starving street children who had been orphaned by the 10 year "blood diamond" civil war. She continues to take in babies and children whose parents have died due to illness and malnutrition. She presently has 60.

West Africa is now in the midst of a epidemic of ebola. While none of the children or the workers at the home has become ill with the disease so far, they are nonetheless facing another immediate crisis the epidemic is causing: food and medicine shortages. Prices have gone up dramatically and it has stretched our resources to the breaking point. We also anticipate that the home will begin to take in more children in the near future, as the ebola plague decimates families, leaving more and more orphans with nowhere to go.

We are holding a Dinner and Auction on Saturday, November 8th, to raise money to feed these children. We are asking for donations of items for the auction. These could be goods, services, or gift cards.

This is a most worthy cause. Donations are Louisa's only means of support. She receives no other aid from any government or religious agencies. We are organization of volunteers working out of our homes. Except for a small amount spent on printing and mailing newsletters and flyers, we have no other expenses. Money given to the children, goes to the children.

Sincerely,

Rosanne Kouris

Louisa writes, "We need prayers more than ever we too are praying live crazy even little Joseph cannot understand the gravity of it but he keeps on saying 'ebola don cam na salone'. (ebola has come to Sierra Leone)

Ahmed 5 yrs, Princess 6 yrs, Emanuel 3 yrs, and Joseph 18 mo. old

This is a desperate time! May God have mercy!
As the quarantine takes effect, and as the government is asking Louisa to take in more children: those who have lost their entire families to ebola, let us join together in praying a 54 day rosary novena. It is 27 days of petition and 27 days of thanksgiving.

Dear Mother Mary, intercede for us and obtain for Louisa the grace to make the right decisions, as well as providing for all the suffering little ones.

Who will join in prayer?

Along with African, Polish, and Italian favorites, & homemade desserts**

As usual we will have many fine items:
Gift certificates, Electronics, Toys, Wines and Liquors
Get some great bargains!

This year we will not have Louisa with us as planned because of the Ebola crisis. This crisis is getting exponentially worse as the infection rate is spiraling out of control and the fragile healthcare system in Sierra Leone is overwhelmed. "Normal" diseases such as typhoid, malaria, and diabetes are not being treated, resulting in unnecessary deaths.

Food prices are skyrocketing as supply lines are cut from the rest of the world, as well as within the country, due to quarantines and fear.

Louisa and the children need your help as never before! Your donations go right to the children, as well as to others near Louisa who are in desperate need.
You are providing direct aid to them.
